COME TO OUR ANNUAL OPEN HOUSE

Lincoln, Neb., Sep. 13, 2016 – The University of Nebraska–Lincoln Extension is hosting its annual Open House for all middle and high school students at 6-8 p.m. Oct. 3, 2016, at the Animal Science Complex on UNL East Campus.

Students interested in pursuing a degree in animal science with a focus on companion animals, horses, or livestock, will have the opportunity to meet with our faculty and get information on majors and classes offered.

“The Open House is a great opportunity to learn how to connect your interest in animals to a college program and eventually your career,” Lisa Karr, Companion Animal Specialist, said.

“Students can learn about different aspects of animal science including nutrition, genetics, and health and get the opportunity to speak with professors and current students and experience hands on activities.”

Students will venture through the animal science building on a scavenger hunt for information. They will also hear about the various animal-related organizations such as Equestrian team, Livestock and Horse Judging teams, Students for the Education of Exotic and Companion Animals, Pre-Vet Club, and Block and Bridle.

For more information, please contact Lisa Karr at 402-472-6458, (lisa.karr@unl.edu); or Lena Luck at 402-472-9098, (lena.luck@unl.edu).

We look forward to seeing you at this year’s Open House.

The Extension is a Division of the Institute of Agriculture and Natural Resources at the University of Nebraska–Lincoln cooperating with the Counties and the United States Department of Agriculture.

University of Nebraska–Lincoln Extension educational programs abide with the nondiscrimination policies of the University of Nebraska–Lincoln and the United States Department of Agriculture.
