Klopfenstein Receives National Award

Terry Klopfenstein, Professor of Animal Science, is recipient of the Federation of Animal Science Societies (FASS) prestigious award, the American Feed Industry Association New Frontiers in Animal Nutrition Award.” The honor was bestowed on Dr. Klopfenstein in recognition of his pioneering and innovative research relevant to the nutrition of animals that benefits mankind and the nutritional value of foods from animals. The award presentation was made on July 16 during the annual meeting of the American Society of Animal Science (ASAS) held in Phoenix. A UNL Animal Science reception was held after the award ceremonies and was attended by alumni and friends of the Department.

Klopfenstein was raised in Ohio and earned his BS, MS, and PhD degrees at The Ohio State University before joining the University of Nebraska in 1965. His contributions in teaching and development of scientists are widely known. During his productive career, he has served as president of the ASAS Midwest Section, ASAS, and FASS. Awards include the USDA Secretary of Agriculture Honor Award, honorary membership in the Mexican Association of Animal Production, induction into The Ohio State University Animal Science and College of Agriculture Halls of Fame, and the Nutrition, Teaching, Fellow, and Morrison Awards from ASAS. At UNL, he has been awarded the Alumni Association Graduate Education Award, the Walnut Grove Service Award, College of Agriculture and Holling Teaching Awards, Hall of Ag Achievement Honoree Award, Gamma Sigma Delta Teaching and Research Awards, and the Omtvedt Innovation Award. The Klopfenstein Student Excellence Scholarship Fund was established in his honor. Klopfenstein is a highly respected and productive scientist and teacher, and he has given the livestock industry outstanding leadership.
