

## **Doyle Wolverton Update**

Following retirement July 1, 1997 Dottie and I have remained busy chasing grandkids at a variety of events in Nebraska and Iowa. Two are now in college three in high school. In the spring we follow the Nebraska baseball team and have had several interesting trips to various away games. In June we attend most of the games at the College World Series and have met many fans from across the country.

Since retiring I am still involved with various 4-H activities, the AkSarBen 4-H Livestock Show, the National 4-H Livestock Judging Contest in Louisville, KY, and recently joined the Nebraska 4-H Foundation board. My early involvement with AkSarBen let us attend the annual meetings of the North American Livestock Show and Rodeo Association. These meeting were hosted by various major shows and gave us the opportunity to spend time in several states with exceptional tours arranged by the host.

We still live on our acreage south of Lincoln, although we are becoming surrounded by new housing projects. We have a second home in NE Iowa where we spend time visiting with our Iowa family and friends.
