POSITION ANNOUNCEMENT

Performance Programs Coordinator

The American Gelbvieh Association (AGA) is currently seeking a qualified individual to join the team as Performance Programs Coordinator. The successful candidate will join a dynamic and energetic team with the primary goal of enhancing the AGA data collection efforts.

This position, based in the AGA headquarters office in Lincoln, Nebraska, is responsible for facilitating AGA data collection programs, providing excellent customer service to AGA members and customers, and assisting with member education efforts.

POSITION RESPONSIBILITIES:

- Assist members and customers with the AGA Online Registry Service and answer questions related to EPDs, selection tools, and AGA rules and bylaws.
- Oversee AGA data collection efforts including data preparation and input into the AGA Online Registry Service. This position also helps ensure accuracy of data flowing into AGA for the genetic evaluation.
- Work with AGA breed improvement consultant on AGA breed improvement projects and member questions.
- Facilitate AGA data collection projects such as the carcass data collection project and scale and rail carcass contest.
- Support AGA data services coordinator with DNA testing services.
- Assist with the development of member education materials and providing educational presentations when needed.
- Write 8-10 articles per year for the AGA’s Gelbvieh World and Profit Picture publications.
- The ability to travel up to 20% is required. Travel includes production sales, education and outreach, and industry events.
- Other job duties as assigned.

Responsibilities may evolve with experience and career success. Compensation based on qualifications and experience.

EDUCATION: Bachelor’s degree in animal science.

EXPERIENCE: Agriculture and beef industry background and/or work experience required.

QUALIFICATIONS:

- Knowledge of beef cattle industry and proficient in communicating with cattle ranchers, farmers and agriculture industry professionals
- Basic understanding of animal breeding and genetics
- Detail-oriented and strong organizational skills
- Data minded and willingness learn
• Ability to work independently and in a team environment
• Must be reliable and a self-starter

ABOUT THE COMPANY:

The American Gelbvieh Association is a beef cattle breed association formed in 1971 dedicated to recording and promoting Gelbvieh, Balancer® and Gelbvieh-influenced cattle, while providing members and their customers programs and services to advance the breed.

Interested candidates may send cover letter and resume to Megan Slater at megans@gelbvieh.org.
